

## BIG STEEL STRIKE IS STARTED TODAY

**Employers Claim Strikers Are Principally Foreigners—Plants Working In Many Districts**

(By Associated Press)

The preliminary skirmish in the great industrial struggle which opened today between the labor unions and the United States Steel Corporation affecting directly or indirectly half a million wage earners, produced the usual conflicting claims by the leaders of both sides.

In the great strategic centers of the struggle the Chicago and Pittsburgh districts, many thousands of workers obeyed the strike order but early reports stated comparatively few plants were compelled to close.

At a large number of outlying points, officials of smaller plants reported they are operating as usual.

Elbert H. Gary, chairman of the Steel Corporation board, refused to comment on the situation. Secretary Foster of the steel workers union, expressed satisfaction with the outlook. He claimed that outside the Pittsburgh district the shut-down is general.

An important feature was the announcement that 35,000 Bethlehem Steel Company workers would not join the strike pending an attempt to obtain a conference with officials.

(By Associated Press)

Pittsburgh, Sept. 22—The struggle between organized labor and employers in the steel industry is in full swing today. Labor leaders said it will be two days before the full force of the strike is felt. Word from employers said the strike line is sharply drawn between American and foreigners. Americans as a rule went to work while foreigners are in a big majority among the strikers.

Word from Cleveland asserted 15,000 steel workers are on strike there. A summary of the situation in many other points show the mills at South Chicago are closed but all mills in the Gary district are operating but with a reduced force. Every steel plant in the Birmingham, Ala. district is said to be operating practically at full capacity. The Harrisburg, Pa. district reported no sign of strike anywhere during the forenoon.

At noon Secretary William Foster, of the steel workers, gave out figures showing approximately 277,000 men on strike. The Chicago district led, according to Foster, with 60,000 out. He said 30,000 are out at Cleveland; 15,000 in Youngstown; 50,000 in the Youngstown district, and ranged from 12,000 at Buffalo to 6,000 at Pueblo, Colorado, to 2,000 at Leechburg.

### Miners Won't Strike

(By Associated Press)

Cleveland, Sept. 22—There will be no sympathy strike by the United Mine Workers of America on behalf of the steel strikers. This was made clear here today at the miners' convention when a resolution was adopted committing the organization to use such measures as can legally be employed to give practical aid to the steel strikers.

## COL. OLDHAM'S HOME DAMAGED BY FIRE

The home of Col. R. C. Oldham, Main street and Belmont streets, Winchester, was badly damaged by fire at 3:30 o'clock Saturday. The blaze originated on the rear porch, possibly from electric wiring and was discovered by Miss Fannie Collins, of Crittenden, an aunt of Colonel Oldham, who was a visitor at the home.

The residence is valued at \$8,500 and was owned by Prewitt Harris. It had recently been sold for that amount to Harry Paynter, but possession was not to be given until Dec. Harris carried \$4,000 insurance, which will cover the damages. The fire had gained considerable headway when discovered and Colonel Oldham and his family barely had time to rescue their clothes and escape. Colonel Oldham said the damage to the household furniture will be covered by insurance.

### IMPORTANT BUSINESS TRANSFER COMPLETED

The Muncy Bros. who purchased the entire stock of furniture and undertaking business from Mr. W. Neale Bennett, last week completed the big job of transferring it to their large store rooms on Main street. There is no doubt now that their stock is one of the most complete of any furniture store this side of Cincinnati. These boys have only been in Richmond a little over a year, but with their splendid business methods they have built up a trade which is large in volume. It is an easy matter to get your wants supplied right here in Richmond, and they are keeping a lot of money here in the home town where heretofore it has gone to Lexington and Louisville.

In looking over the field for a man to take charge of their undertaking department, they could have made no better selection than that of Mr. W. E. Richards, who is a man of experience in this particular line. He has made many friends during his stay in Richmond, while in the employ of Mr. Bennett. Mr. Richards reported for duty Monday morning and will be glad to welcome his friends at Muncy establishment.

## MADISON FEEDERS SHIPPING TO MARKETS

With the live stock markets fluctuating almost every day, local buyers have been a little careful lately about contracting and the consequence has been that feeders have shipped their fat stock into the city markets themselves. Some dozen or so local farmers are reported to have shipped in their hives and hogs the past week. Charles Jett shipped a fine load of fat cattle to the Pittsburgh market and went along to see them sell.

Garnett Million was in Cincinnati Monday with several loads of nice ones his firm of Leer and Million bought from local farmers. From Mack and Nay Coy, they purchased 76 fat steers that averaged 1,300 pounds at \$11 a hundred and from May Collins and M. M. Hamilton they bought 46 head of steers that averaged 1,250 pounds at \$9.25 a hundred.

## MUST PROVE DRINK IS INTOXICATING

(By Associated Press)

San Juan, P. R. Sept. 22—The final test regarding the sale of alcoholic drinks in Porto Rico will be as to their intoxicating qualities and not as to the percentage of alcohol contained, according to a decision just handed down by Judge Hamilton in the Federal Court here.

The decision was in the case brought by the United States District Attorney against the Porto Rico Brewing Company for the sale of a quantity of beer admitted to contain 2½ per cent alcohol as authorized by the Legislature following the prohibition vote in 1917. Judge Hamilton ruled that the District Attorney must prove that the drink is intoxicating. Many tests of the beer have reported to have been made by local authorities to ascertain whether it intoxicates.

### CALVARY REVIVAL TO CONTINUE THIS WEEK

The Calvary Baptist church had a good day Sunday even though the weather was bad. At the morning service the congregation was large for the service. A liberal collection was taken for the expenses of the meeting. Evangelist Tolle preached on the subject: "The Value of Unattained Ideals." His text was: "It was in the heart of David to build a house for the name of the Lord God—as it was in thine heart to build a house for my name. Thou didst well well that it was in thine heart." Second Chro. 6:7-8. In this sermon he gave the little church encouragement in their struggle for their new church building.

Sunday night's subject was: "An Expensive Run-away," from the text: "But Jonah arose to flee unto Tarshish from the presence of the Lord." Jonah 1:3. The Evangelist emphasized the fact to flee from the Lord is an expensive run-away from a temporal standpoint as well as a spiritual. When we reject God we do so at the expense of our soul's eternal welfare.

The tent services will be announced one night ahead and will continue until Wednesday if the weather clears up. If it continues raining, meeting will close tonight.

## DR. SAMPEY BEGINS BAPTIST LECTURES

All the churches of the town gave way Sunday evening to the first lecture of the week's series to be delivered at the First Baptist Church by Dr. J. R. Sampey, of the Baptist Seminary, at Louisville. A great audience consisting of the pastors and representatives of all the congregations of the town greeted the speaker for his initial lecture. The subject, "How our Savior Became Perfect," was handled in a masterful fashion. The whole address was full of fresh thought and was delivered in a pleasing and effective manner. That part of the address in which the speaker showed the victory of Christ over death was most dramatic, yet without any effort on the part of the speaker to make it so. The sermon-lecture, as it might be properly called, made a most profound impression on the minds of the hearers and everybody was greatly pleased with it.

To-night Dr. Sampey will speak at the court house at 8 o'clock on "The Will to Conquer: How Foch Won the War" in connection with the meeting which is to be held in the interest of the proposed memorial to America's fallen heroes. Dr. Frank McVey will also address the meeting in the interest of the Kentucky Memorial building. The rest of the lectures will be given at the First Baptist church each evening at 8 o'clock. All are cordially invited to attend these lectures.

On Tuesday afternoon at 3 o'clock Dr. Sampey will speak at Red House on the "75 Million Dollar Campaign".

He will make an address at the Republican church Wednesday morning at 10:30 o'clock.

At 4 o'clock Thursday afternoon he will speak at Union.

Friday morning at 10:30 he speaks at Newby and Saturday afternoon at 3 o'clock at Paint Lick.

At each of these appointments in the country he will present the cause of the "75 Million Dollar Campaign" among Southern Baptists.
